SWE235 / THE COLLEGE TOUR

Your campus. Your team. Your next move.

Campus Ambassador Program | One-page discussion overview

THE INVITATION

Help your campus turn sports, stocks, and friendly competition into a shared experience. Start with a student club, team, or group of curious friends. Stock market expertise is not a prerequisite.

WHAT AN AMBASSADOR HELPS DO

Gather a campus community. Coordinate a first activity with Andy. Introduce stock rosters, Wattball, and CUBai through a guided experience. Share campus stories and help people return for the next activity.

A FIRST CAMPUS PLAN

1. Meet Andy and discuss your school and community.
2. Agree a first activity, student partners, and a launch date.
3. Invite participants and help run the experience.
4. Review what worked and plan the next step.

BUILD A TRADITION THAT OUTLASTS GRADUATION

Identify a successor or student club contact before you graduate. Share the campus plan, useful materials, and leadership responsibilities so the program can continue.

DETAILS TO AGREE TOGETHER

Launch date, time commitment, milestones, incentives, and any final agreement will be confirmed with Andy. This is a discussion draft, not a contract, account registration, or contest entry.

Take the next step with Andy Schroepfer
